Web Developer / Web.com, Atlanta, GA.

September 2003 - August 2006

- Designed / maintained the Design Library web app, a dynamic PHP/MySQL site that facilitates the selection of a web design for our end customers (Dex, R.H. Donnelly, Ambassador Yellow Pages, Hawaiian Telcom - <http://design.htwebhosting.com/>). This tool increased customer satisfaction of website build process three fold from previous custom builds.
- Designed and maintained front end (XHTML/CSS/Javascript) for customer support site on ASP and .NET 1.1 platforms using Microsoft VisualStudio 2005.
  - Designed and maintained intranet based on Microsoft SharePoint.
- Managed a team of (15) in-house and (25) off-shore designers and developers. Responsible for tracking production metrics and forecasts for staffing.
- Responsible for developing methodology and process for design services.
- Built up in-house design team from 5 members to 50+ members (Designers, Developers, Project Managers and QA Testers).

Lead Designer / Bellsouth IMVI, Atlanta, GA.

August 1999 - September 2003

- Led a team of 18 designers
- Trained internal designers on design efficiency techniques with a strong emphasis on high production numbers.
- Created multimedia materials for marketing using Macromedia Flash, Apple Final Cut Pro, and Apple Keynote.
- Designed websites for small business customers using Adobe Photoshop/ImageReady, Macromedia Dreamweaver, Macromedia Flash, and Swish.

Web & Print Designer / Racer Wholesale, Roswell, GA.

October 1996 - August 1999

- Responsible for multi million dollar ad budget. Designed and laid out several full color catalogs and magazine ads using Adobe Photoshop, Adobe Illustrator and Quark Xpress.
- Designed and maintained corporate websites with E-commerce running on a Miva Merchant back end (<http://racerwholesale.com>).

## EDUCATION

- Baker College Online. 2005-2009
- Associates of Applied Science in Web Design.
